His wife, who started out to find shelter about noon yesterday, was rescued from a frozen creek bed this morning snow blind and delirious from exposure and frost. The body of McMullin was located a few miles on the Colorado side of the state line by a party on horseback sent out from Wootton, a coal mining camp. Mr. and Mrs. McMullin were making a trip overland in their automobile from their Washington home to Alamo, Ill. LIBERTY LOAN BOND BILL IS PASSED BY HOUSE UNANIMOUSLY

[Republican A. P. Leased Wire]
WASHINGTON, March 30.—The Liberty loan bond bill was passed unanimously by the house tonight in virtually the same form as reported from the ways and means committee which framed it in accord with recommendations of Secretary McAdoo. It now goes to the senate, which is expected to pass it Monday.
The only section of the bill to which there was serious objection was the one providing that in determining the value of shares of national or state banks for taxation by state or local authorities the value of government bonds be deducted. It finally was amended to apply only to bonds issued during the war.
A motion by Representative Dominic of South Carolina to have the section eliminated, was voted down.
May Increase Taxes
The general plan of raising huge sums of bond issues without increasing taxation was attacked by Representatives Keating of Colorado and Huddleston of Alabama, democrats, and Green of Iowa, republican. Answering these arguments, Majority Leader Kitchin said he believed taxes should be increased 25 per cent and probably would be, but "possibly" not at this session of congress.
The bill as passed gives Secretary McAdoo authority to issue \$3,000,000,000 in certificates of indebtedness, to issue \$1,000,000,000 more of liberty bonds in addition to the \$2,666,000,000 now authorized, but unissued, fixes the interest rate on the third bond issue at 4 1/2 per cent and authorizes the loan of an additional \$1,000,000,000 to the allies.

BLOME CANDIDATE WINS HANDSOMELY

FLAGSTAFF, March 30.—The Normal school difficulty was before the people of Flagstaff today in the way of a school election. There were 270 votes cast at the election and Berg received 151, being practically three to one in favor of Dr. Frouske, the candidate of Dr. Blome's friends.

A parade has been arranged for the 6th of April in which the various fraternal orders, the schools and other organizations will participate. All business houses will be closed for two hours. Flags and banners will be much in evidence. The object of the demonstration is to call attention to the new Liberty bond issue and to sell as many as possible as early as possible in the campaign. Florence went over the top last issue of bonds.
